## Fund Overview

An actively managed long/short credit liquid alternative fund that seeks to generate attractive risk-adjusted returns by investing across the credit spectrum with a focus on high yield bonds, investment-grade bonds, preferred shares, and leveraged loans in developed markets.

## Reasons to Invest

Aims to generate equity-like returns with less volatility through publicly traded debt securities.

Seeks to reduce correlation to traditional fixed income that is largely driven by movements in interest rates.

Flexibility to invest globally across developed bond markets while minimizing currency risk.

Active management from close collaboration between trading, research, and risk teams.

Rigorous risk management with multiple layers of protection for the portfolio.

## Important Information

The information herein is presented by RP Investment Advisors LP ("RPIA") and is for informational purposes only. It does not provide financial, legal, accounting, tax, investment, or other advice and should not be acted or relied upon in that regard without seeking the appropriate professional advice. The information is drawn from sources believed to be reliable, but the accuracy or completeness of the information is not guaranteed, nor in providing it does RPIA assume any responsibility or liability whatsoever. The information provided may be subject to change and RPIA does not undertake any obligation to communicate revisions or updates to the information presented. Unless otherwise stated, the source for all data cited is RPIA. This document does not form the basis of any offer or solicitation for the purchase or sale of securities. Products and services of RPIA are only available in jurisdictions where they may be lawfully offered and to investors who qualify under applicable securities regulation. Investment fund units may only be purchased through registered dealers.

RP Alternative Credit Opportunities Fund is an alternative mutual fund offered pursuant to a simplified prospectus in all applicable Canadian jurisdictions and is subject to applicable securities law and regulations. Performance presented herein is for the specified class of Fund units. Returns of Fund classes may differ due to differences in fees and expenses. Refer to the Fund Facts document for each class for more information. Always consult with your registered investment dealer before investing in mutual funds. Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. Please read the prospectus before investing. Mutual funds are not guaranteed, their values change frequently and past performance may not be repeated. The payment of distributions is not guaranteed, may fluctuate and does not infer performance, rate of return, or internal yield of the Fund. "Liquidity" refers to the purchase and redemption frequency of Fund units and not that of the portfolio securities. Target Returns represents RPIA's annualized investment return objective for each applicable strategy or fund. It does not imply actual future performance and may be revised at the discretion of RPIA and without prior notice.

"Duration" (Effective Duration) measures a bond's price sensitivity to the interest rate change, adjusted for any embedded optionality. RPIA calculates the Duration of all securities in the portfolio and weighs them to get an aggregate Duration. "Average Term" refers to the weighted average effective maturity of credit positions in the portfolio. "Average Credit Quality" refers to the weighted average rating of credit positions in the portfolio. "Net Credit Leverage" refers to the net credit value of credit positions relative to the Fund's NAV. "Top Portfolio Exposures" excludes cash & cash equivalents and duration management securities. Information presented in the Portfolio Credit Exposures section represents the credit exposure within the portfolio as a percentage of the funds NAV. "Geographic Allocation" is calculated using "Country of Risk" as defined by Bloomberg LP. "Sector Allocation" is calculated using "BICS Level 1 Sector Name" as defined by Bloomberg LP. "Credit Quality Allocation" reflects RPIA's internal credit ratings methodology using ratings published by major ratings agencies. For additional information on the data presented please contact RPIA.
